

A successful business model also involves collaborating with our partners to achieve a positive impact on our environment and community.

SUSTAINABILITY COMMITMENT

OUR GREEN PROMISE

COMPANY SUSTAINABILITY COMMITMENT

- **Environmental:** Reducing wasteful practices and other environmental impacts.
- **Social:** Creating a safe and healthy workplace, and benefiting the company's employees, consumers, and community.
- **Economic:** Creating value and enhancing Customer's interest.
- **Governance:** Maintaining strong corporate governance and adhering to the law and business ethics.

SCOPE 1 GHG EMISSIONS

Reduce energy consumption through improved manufacturing and equipment efficiency, streamlined operations and processes.

SCOPE 2 GHG EMISSIONS

Reduce our emissions by purchasing renewable energy where possible.

SCOPE 3 GHG EMISSIONS

Emissions by monitoring and encouraging suppliers to reduce their own emissions.

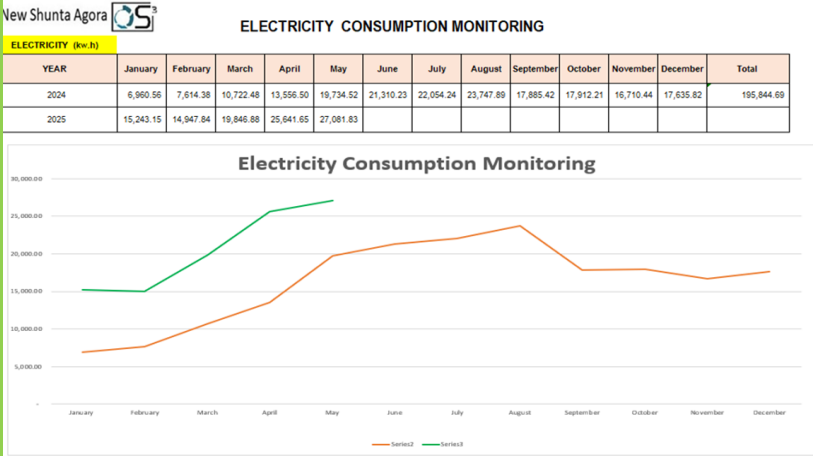

SCOPE 1 GHG EMISSIONS

New Shunta Agora 													
FUEL CONSUMPTION MONITORING													
YEAR	January	February	March	April	May	June	July	August	September	October	November	December	Total
2024													
2025	39,370.00	37,385.50	38,550.85	39,880.20	38,870.26								194,057

Emissions from fuel consumption of company owned vehicles.
